

Advantages of Power Mixer

1. Mix more evenly and faster by using Power Mixer.
2. Design exclusive for mixing application ensures ;
 - 2.1 mixing of large volume of materials.
 - 2.2 comfortable and safe work.
3. Abundant accessories for various mixing application.

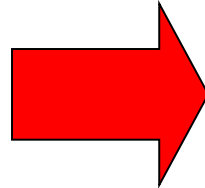

Power Mixer

2.1 Design exclusive for mixing application ensures mixing of large volume of materials.

Drill + attachment

Designed for mixing

2.2 Design exclusive for mixing application ensures comfortable and safe work.

- Double Insulation Structure
(**No risk** of electrical shock)
- Powerful Input **780-800W**
- **Large shield** protects motor and moving parts from paint or plaster splashes.
- **Extended auxiliary handle** with rubber grip, for better control and added comfort.

Power Mixer

3. Abundant accessories for various mixing application.

Application	Photo	Material	Recommended model	Which model has which standard accessory?
Paint Plaster		Stainless Steel	PM-1011 PM-1511 PMT-1362	PM-1011 PM-1511
Paint Plaster		Steel	PM-1011 PM-1511 PMT-1362	-
Paint Plaster		Stainless Steel	PM-1011 PM-1511 PMT-1362	-
Paint Plaster Mortar Cement		Aluminum	PMT-1362 PM-311	PMT-1362
Plaster Mortar Cement		Aluminum	PMT-1362 PM-311	PM-311

Also for Grew, Putty, Food Materials, Urethane Form, etc.
